

TIMBERS RESORTS UNVEILS MULTIMILLION DOLLAR REFRESH OF TIMBERS JUPITER

Extensive Renovations of Private Residence Club Include Upgrades to 47 Freestanding Villas

CARBONDALE, COLO. (November 4, 2015) – Colorado-based Timbers Resorts, one of the largest independent developers and operators of private boutique resorts and residence clubs, has completed a significant \$5.5 million refresh of Timbers Jupiter, one year after assuming management of operations at the former Ritz-Carlton Residences.

Located just north of Palm Beach, the picturesque 285-acre gated community offers a secluded experience nestled within the Trump National Golf Club, just two miles inland from the shores of Juno Beach. The renovations build on recent enhancements to the pool and dining options at the Golf Club, which features an Audubon-certified Jack Nicklaus Signature course.

Over the last several months, the interiors of 18 two-bedroom and 29 four-bedroom freestanding villas were completely overhauled to include new furniture, fixtures, lighting and entertainment systems that enable owners and guests to use Netflix, Hulu and other app services over their own smart TVs. The expansive lanais attached to each home also saw a significant refresh with new furniture to enhance the barbeque area and al fresco dining experience.

“We pride ourselves on owning and managing properties in some of the world’s most sought after ski, golf, beach and countryside locations,” said David Burden, Founder & Executive Chairman of Timbers Resorts. “We are proud to unveil our most recent renovations at Timbers Jupiter that will take the private residence club to the next level and provide the top-tier design, service and amenities that our Owners associate with the Timbers experience.”

The new interiors were conceptualized and managed by the Timbers Resorts Interiors and Design Team led by Sandy Burden, and designed by Wilson Associates of Dallas, Texas.

“Starting with an excellent location within a wonderful coastal club environment, we worked successfully and in sync with the Timbers Jupiter board and with Wilson Associates to update these special Timbers Jupiter homes,” said Sandy Burden, Director of Design & Interiors for Timbers Resorts. “It has been wonderful to see and hear how the members have embraced the new rich, yet relaxed style. Our objective was to update the homes using light, fresh and current design that was sophisticated yet welcoming and relaxed. I’m happy to say the homes are beautiful, and I feel we accomplished our mission.”

"The design we created for Timbers Jupiter invokes a sense of 'barefoot luxury' within each unit. We focused on lightening the overall color palette with bright walls, neutral furniture and used pops of coral, lavender and blue to bring vibrancy and airiness into the space," said Liz Dauwe Senior Designer at Wilson Associates. "Residents and guests will find subtle nods to coastal motifs through abstract art and accessories that all create an ambience of comfort and oasis that are desired in a vacation home."

Timbers Jupiter provides a private club experience with services and amenities of a 5-star resort, including a state-of-the-art clubhouse, lavish spa and fitness center, tennis club, and pools. Owners also have access to their own dedicated concierge, members only lounge and restaurant, and private locker rooms. Residents will find a vibrant cultural scene, premier shopping and sensational dining in the Palm Beach community, excellent sport fishing, boating and beautiful weather year-round.
